MAC Anti-harassment and Non-discrimination Policy

To help prevent incidents of harassment or discrimination in any form in our organization and at our annual meetings, the MAC has established a policy requiring all members certify at the time of membership renewal and again as part of annual meeting registration that they are not currently cited or censured for such activities under Title IX, by the Register of Professional Archaeologists, or by any other adjudicating body. Renewal of membership and meeting participation will not be possible without these certification steps being completed. If you have any questions about this policy or wish to confidentially disclose/discuss particular circumstances to clarify your status, please contact the MAC President.

By checking this box I certify I am in compliance with the MAC, Inc. anti-harassment and non-discrimination policy.
